#### I. Funding Opportunity Description

Purpose of Program: The Indian Education Formula Grants to Local Educational Agencies (Formula Grants) program provides grants to support local educational agencies (LEAs) and other eligible entities described in this notice in reforming and improving elementary and secondary school programs that serve Indian students. The Department funds comprehensive programs that are designed to help Indian students meet the same State academic content and student academic achievement standards used for all students while addressing the language and cultural needs of Indian

students. Such programs include supporting the professional development of teachers of Indian students.

In addition, under section 7116 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), the Secretary will, upon receipt of an acceptable plan for the integration of education and related services, and in cooperation with other relevant Federal agencies, authorize the entity receiving the funds under this program to consolidate all Federal formula funds that are to be used exclusively for Indian students. Instructions for submitting an integration of education and related services plan are included in the EASIE, which is described under Application Process and Submission Information in section IV of this notice.

Note: Under the Formula Grants program, applicants are required to develop the project for which an application is made: (a) in open consultation with parents and teachers of Indian students and, if appropriate, Indian students from secondary schools, including through public hearings held to provide a full opportunity to understand the program and to offer recommendations regarding the program (section 7114(c)(3)(C) of the ESEA); (b) with the participation of a parent committee selected in accordance with section 7114(c)(4) of the ESEA; and (c) with the

written approval of that parent committee (section 7114(c)(4) of the ESEA).

Program Authority: 20 U.S.C. 7421 et seq.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 81, 82, 84, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

4. Intergovernmental Review: This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: We reference additional regulations outlining funding restrictions under Applicable Regulations in section I of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database with information on registration provided below;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the

Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov. and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at [www.SAM.gov](http://www.SAM.gov). To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

7. Other Submission Requirements: Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Formula Grants program, CFDA number 84.060A, must be submitted electronically using EASIE.

Applications submitted in paper format will be rejected unless you qualify for one of the exceptions to the electronic submission requirement described later in this section under Exception to Electronic Submission

Requirement, and follow the submission rules outlined therein.

EASIE Electronic Application System: EASIE is an easy-to-use, electronic application system. This system allows the Department to review applications and interact online with applicants during the application review and approval process.

The EASIE application is divided into two parts--Part I and Part II.

Part I, Student Count, provides the appropriate data-entry screens to submit your verified Indian student count totals. Applicants must use the Indian Student Eligibility Certification Form (ED 506 Form) to document eligible Indian students. An ED 506 form must be completed in full, signed, and dated by the child's parent to certify an Indian student's eligibility for the program. Bureau of Indian Education schools will be required to enter either their Indian School Equalization Program (ISEP) or ED 506 Form count as an Indian student count in Part I of the application.

Also in Part I, new applicants will indicate the time span for the project objectives and corresponding activities and services for American Indian/Alaska Native (AI/AN) students. Applicants can choose to set objectives

that remain the same for up to four years in order to facilitate data collection and enhance long-term planning. Grantees that established multi-year project objectives for current grants will not have to re-enter information in EASIE Part II for FY 2015 if they have no changes to their project objectives, activities, or coordination of services. Grantees that previously established multi-year project objectives and would like to change the objectives, activities, or coordination of services for FY 2015 will need to indicate in Part I the duration of the new selections.

In EASIE Part II, for new applicants or applicants making changes: first, you will identify, from a list of possible programs (e.g., ESEA title I), the programs in the school district that are currently coordinated with a title VII project, or with which the school district plans to coordinate during the project year, in accordance with the statutory requirement to provide a comprehensive program that includes other Federal, State, and local funds. Next you will describe the coordination of services for AI/AN students and identify specific project objectives towards the goal of providing culturally responsive education for AI/AN students to meet their academic needs and help them meet State achievement standards. You will also choose the

data sources that will be used to measure progress towards meeting project objectives, and on which you will report in the annual performance report (APR) after the grant year closes.

Finally, in EASIE Part II, you will submit a realistic program budget based on the estimated grant amount that the EASIE system calculates from the Indian student count you submitted in EASIE Part I. After the initial grant amounts are determined, additional funds may become available due to such circumstances as withdrawn applications or reduction in an applicant's student count. An applicant whose award amount increases or decreases more than \$1,000 must submit a revised budget prior to receiving its grant award but will not need to re-certify its application. For an applicant that receives an increase or decrease in its award of less than \$1,000, there will be no need for further action. For any applicant that receives notification of an increased award amount following submission of its original budget, the applicant must allocate the increased amount only to previously approved budget categories.

Registration for Formula Grant EASIE: Current, former, and new applicants interested in submitting an Indian Education Formula Grant EASIE application must

register for Formula Grant EASIE. Entities are encouraged to register as soon as possible at the registration website [www.easie.org](http://www.easie.org), to ensure that any potential registration issues are resolved prior to the deadline for the submission of an application. The purpose of the initial registration is to activate or re-activate entities' access to EASIE and to ensure that the correct entity information (e.g., NCES or DUNS numbers) is pre-populated into the first part of Formula Grant EASIE. The registration website does not serve as the entity's grant application. For assistance registering, contact the EDFacts Partner Support Center listed under Agency Contacts in section VI of this notice.

Certification for Formula Grant EASIE: The applicant's authorized representative, who must be an employee of the applicant, must certify both Part I and Part II of EASIE. Only users with the role type "managing user" or "certifying official user" in the EASIE system can certify an application. The certification process ensures that the information in the application is true, reliable, and valid. An applicant that provides a false statement in the application is subject to penalties under the False Claims Act, 18 U.S.C. 1001.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the EASIE system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload documents to the EASIE system;

AND

- No later than two weeks before the application deadline date for Part I (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks (14 calendar days) before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.
